7-Eleven Syrups - The Vanilla, Cherry and Lemon Flavor Shots offered at the fountain soda machine at many 7Eleven stores are kosher **DAIRY - CHOLOV STAM!!**

Until recently, if the syrup was known to be kosher then there was no reason not to buy a drink from the fountain dispenser. However, over the past few months, 7-Eleven has introduced a new fountain soda machine into their stores which has raised doubts about these assumptions. Drink Mix Powders

There are several **drink mix powders** on the market that use the brand name of popular sodas (pops) on the market, such as **Orange Crush and Hawaiian Punch**. These are just brand names that were bought through a licensing process and have absolutely no connection to the actual soda company.

They would all require a reliable kosher certification on each label to be consider kosher.
